

## Expectations

### **Teachers:**

Primary role: student supervision.  
Secondary role: traffic flow.

### **Drivers:**

Primary role: student safety.  
Secondary role: efficient drop-off.

### **Students:**

Primary role: safe exit from vehicle.  
Secondary role: efficient exit from vehicle.

**West and South drop-off zone:** Students can only be dropped-off or picked up in the lane on the far-right side. Please have students remain in the car until you reach the drop-off zone (yellow markings on pavement). In an effort to streamline this process, we ask that students get their backpacks ready to go and say goodbye before entering the drop-off zone. After students exit, promptly move forward and out of the drop-off zone.

**Crosswalks:** Please always use crosswalks to cross the parking lot. Wait for safety patrol students to stop traffic and let you cross. If you park on the West side, students and patrons should utilize the crosswalk at the mouth of the entrance to this parking lot rather than walking across the lanes of traffic.

**Church parking lot:** Since we don't have rights to this parking lot, we encourage patrons to use the school drop-off and pick-up lanes. In addition, a large number of students walk on the sidewalk near the West entrance of the church parking lot. In an effort to avoid a pedestrian accident at this location, we ask that patrons do not enter/exit the church parking lot at the West access.

**Street parking:** Park on the street so that you can pull out into traffic without making a U-turn. Students can cross at the crosswalk at the intersection of 2700 W. and 9800 S. if needed.

**Reminders and tips for safe drop-off and pick-up:** Have a meeting place and pick up at this location every day. Avoid using a cell phone while waiting in line. Stay in your car or park if you need to get out. If students need to get something from the trunk of the vehicle or may need more time to exit, please park in the parking stall. Teachers and safety patrol will leave their post at 8:25 AM. Students can get in grade-level doors until 8:30 AM. Students will be sent to the office to wait for their ride after 3:40 PM Mon-Thurs and at 1:40 PM on Fridays. Park in stall during school hours even if you just have to run in to sign out your student.
