The Jordan Ridge EAGLE

Interested in participating in our School Community Council? Email Principal Beck for details.

For the safety of our students, please follow all traffic rules for drop-off and pick-up. A map with instructions is available on our website.

There is no supervision until 8:15 AM. It is especially dangerous for students to be dropped off before 8:00 AM.

WELCOME BACK!

MISSION STATEMENT:
WE ARE LEARNERS WHO LEAD.
WE COMMIT TO SUCCEED.

Wow! We have had a wonderful start of the new school year! Your student may have been talking about some of our exciting new things happening this year. Our mission statement provides a solid foundation for everything we do! A new focus is building student leaders. School action teams such as the kindness team or the gardening team allow students to experience leadership within our school.

We are also excited to practice goal setting by working toward a school goal. Our goal for this year is that every student will

show growth on the language arts post-test. We will work hard as an entire school body to meet this goal! As a school, we are practicing goal setting by keeping our bathrooms clean (even the staff are participating)! Students will receive daily feedback from the bathroom action teams on how well they followed five indicators. Data is charted for each day until each part of the makeover is earned. We are excited to see our bathrooms transformed!

We look forward to a year filled with learning and leadership!

I SPY WITH MY EAGLE EYES...

Our Student Leadership Council leading students in our school hand signal "SWOOSH!" The Core 5 planned and carried out the welcome assembly in which they announced our school mission, school song, code of conduct and many other structures related to school pride. They did a great job creating unity the first week back!

MEET OUR NEW ASSISTANT PRINCIPAL!

Hello, Jordan Ridge Elementary Parents and Students!

It is with pleasure that I introduce myself as your new assistant principal. I am looking forward to an incredible 2019-2020 school year at Jordan Ridge Elementary! One of my greatest loves is to inspire and encourage students to be the best they can be in and out of the classroom!

Let me tell you a little about myself. I began working for Jordan School District in 2003, following eight years of teaching first grade in Murray School District. I taught third grade at both Majestic Elementary and Daybreak Elementary for the past 16

years. I absolutely loved my time in the classroom, supporting my students and building trusting relationships that fostered learning. Educational leadership is one area that I am passionate about, and I am looking forward to working with all of the amazing student leaders here at Jordan Ridge.

I graduated from Park City High School and completed my undergraduate degree in elementary education at Utah State University. Go Aggies! After spending many years in the classroom, I made the decision to continue my education, receiving my master's degree in ESL from SUU and completing my certificate in educational

administration and leadership through the University of Phoenix.

During my time away from school, I enjoy reading books that allow me to relax and let my mind wander. I also enjoy shopping, playing games, and spending time with my family.

I view a collaborative school environment as the key to creating successful teachers and students. I believe that partnerships with parents and the community are essential to enriching the experience at Jordan Ridge Elementary. I am eager to get to know each of you and to work to help build strong, capable learners!

Sincerely,

Mrs. Staci Moore

A message from our PTA President:

Thank you to every student who helped build up our school by adding their piece. Everything is awesome as we build and connect together. Our sign will hang in our lobby so we can all look and be reminded of the things we can build together.

Thank you to those who have already joined PTA! Thank you also for all the parents that filled out and returned the green volunteer sheet. It's not too late to do those things if you haven't already. We couldn't run so many great programs without you!
